ABOUT THE SWISS GOVERNMENT SCHOLARSHIPS

Through the Federal Commission for Scholarships for Foreign Students (FCS), the Swiss Government grants foreign students university scholarships (Swiss universities, Federal Institutes of Technology). These scholarships are offered on the basis of reciprocity (fixed number of scholarships for each country) or within the framework of a pool (scholarships without fixed distribution by country). They are intended for students who have graduated from university (postgraduates). These scholarships will enable applicants to further their education and to undertake research work in the fields in which the Swiss universities are particularly active. **Priority will be given to research fellowships.**

The scholarships are in principle offered to foreign governments. The applications have to be submitted for a preliminary selection to the national institution in charge and/or to the Swiss diplomatic representation in the student's country of origin. The Swiss diplomatic representation will then forward the pre-selected applications to the FCS for final selection.

A Frequently asked questions section (FAQ) is available at the following link: [INTERNET LINK](#)
Please see that section if you have more specific questions.

1. ELIGIBLE COUNTRIES AND RANGE OF SCHOLARSHIPS (1)

1.1 Eligible Countries

o Scholarships for Universities and Federal Institutes of Technology:

University scholarships are granted to candidates from both Group A and Group B (See boards p. 14)

To a limited extent, scholarships are also offered for postgraduate studies at the Universities of Applied Sciences. These scholarships apply only for applicants from the following countries:

o Scholarships for fine arts and music academies:

A special contingent of scholarships is dedicated to advanced music and arts students. These scholarships apply only to the following countries:

Australia	Austria	Belgium	Bulgaria	Canada
China	Czech Republic	Denmark	Estonia	Finland
Greece	Germany	Hungary	Ireland	Israel
Italy	Japan	Latvia	Lithuania	Mexico

Turkey	United States of America			

Fine Arts scholarship applicants that are in Switzerland since more than 1 year will not be taken into account by the Swiss diplomatic representations.

1. ELIGIBLE COUNTRIES AND RANGE OF SCHOLARSHIPS (2)

1.2 Study location

The Swiss Government Scholarships are granted for studies in one of the Swiss public Universities, Federal Institutes of Technology or University of Applied Sciences (see p. 15 & 16). The fine arts and music scholarships are granted for studies in the public music academies, as well as art and design schools.

The scholarship is valid only for full-time studies in Switzerland. It is not valid for on-the-job studies, part-time studies, correspondence courses or mixed programs (part time in Switzerland and part time in another country).

1.3 Duration of the scholarship

The duration of the scholarship is for the nine-month academic year (always from September to June. It is not possible to start the scholarship in the Spring Semester or any other time in the year).

Regulations regarding potential scholarship extensions:

Research Fellowships:

GROUPE A (see Board p.14.):

an extension is not possible (with the exception of Japan and South Korea).

GROUPE B (see Board p.14.):

an extension of **maximum 12 months** is possible.

The scholarships are not automatically extended. Every request will be analyzed according to the FCS criteria.

Master Programs (GROUPE A & B):

It is possible to request an extension. The extension will be decided according to the ECTS credits of the Master program, i.e.:

° 60 ECTS Credits Master	=	9 scholarship months maximum	= >	no extension possible
° 90 ECTS Credits Master	=	17 scholarship months maximum	= >	8 months extension possible
° 120 ECTS Credits Master	=	21 scholarship months maximum	= >	12 months extension possible

Master of Advanced Studies MAS (GROUPE A & B):

Some Master of Advanced Studies programs run on a 12 month basis, even though the program has 60, 75 or 90 ECTS credits. If the MAS runs on a 12 month basis an extension of 3 month maximum is possible.

1. ELIGIBLE COUNTRIES AND RANGE OF SCHOLARSHIPS (3)

1.4 Scholarship amount

The scholarship amounts to a monthly payment of CHF 1.920 Swiss Francs

1.5 Semester tuition fees and Master fees

The Federal Commission for Scholarships does not pay for tuition and/or semester fees. In most cases the universities and the Federal Institute of Technology of Zurich ETHZ do not require scholarship holders to pay the semester fees (generally around 600 CHF per semester). In some cases the universities do not waive the Master fees. Some programs can cost up to 40'000 Swiss Francs. Should the Universities and/or Universities of Applied Sciences and fine arts schools not waive the fees, it is up to the grantee to pay for the fees.

1.6 Insurance

According to the Swiss law, every resident in Switzerland must be covered by a Health Care Insurance (except for dental care). Usually, the scholarship holders are insured by the FCS. Scholarship holders from EU and EFTA countries have special agreements.

1.7 Travel expenses

Grantees from European and East / Central European countries pay for their own travel expenses to Switzerland as well as back to their country of origin.

Grantees from non-European countries pay for their own travel expenses to Switzerland, but the FCS pays an allowance (lump sum) for the return ticket at the end of the scholarship.

However, the return allowance will not be paid if scholarship holders extend their stay in Switzerland beyond six months after completion of their studies, if they take up employment pending the continuation of their studies or if they move to a third country.
